

REAL DEAL MOTOR SPORTS INSURANCE PLANS

“REAL DEAL MADE THE PROCESS AS EASY AS POSSIBLE AND HAD THE CLAIM RESOLVED IN A COUPLE OF WEEKS”

Luckily, we have been insuring our race vehicles and transporters with **Real Deal Motorsports** Insurance for a couple of seasons after changing from another insurer.

While towing our gooseneck fully loaded with our Speedway Super Sedan and equipment to a race meeting at Toowoomba, we had a fire start in the trailer, rendering it and all our tools, equipment and race car a total loss.

While onsite, I was able to ring Peter Peirano, go through the process of their easy to use iPhone app and get the claim started straight away.

It has been a stressful time losing everything we have built over the years, but **Real Deal** made the process as easy as possible and had the claim resolved in a couple of weeks.

Thanks to **Real Deal**, The Peirano Family and especially Peter Peirano, you couldn't find a better bloke to deal with.
